

Our Sunshine Chords by Paul Kelly

Artist: Paul Kelly

Em **D**
Well there came a man on a stolen horse and he rode right onto the page
Em
Burning bright but not for long, lit up with a holy rage
D
No turning back for the child of grace with the blood red on his hands
Em
Never known to hurt a woman, he never robbed an honest man
C **D**
His mother held in jail, his daddy dead
C **G** **Em** **D**
And daily rising, the price upon his head

Em **D** **Em** **D** **Em**
Our sun-shine Our sun-shine
C **G**
Through fire and flood, through dust and mud,
D **Em**
through tears and blood still riding on

D
Forever trapped in a suit of steel with a hotel burning behind
Em
Betrayed by his companions with a train waiting down the line
D
Forever tall on a bareback horse, getting through by the skin of his teeth
Em
It's one more for the ladies and one more for the police
C **D**
Riding on out, hungry tired and cold
C **G** **Em** **D**
Into the misty morning, never grow old

Em **D** **Em** **D** **Em**
Our sun-shine Our sun-shine
C **G**
Through fire and flood, through dust and mud,
D **Em**
through tears and blood still riding on

you said "I'm free and easy, see you there"
