Baritone shapes
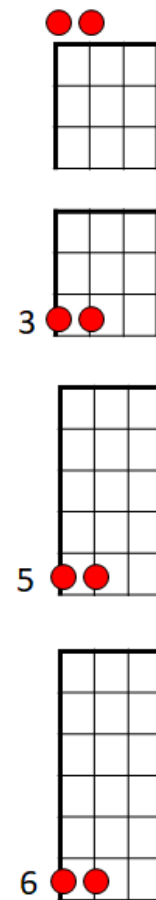

Intro: Riff x 4 (bass stays on G – eighth notes)
Verse:

```
    G G     G     G G   G
We all came out to Montreux
        G     G F         G
On the Lake Geneva shoreline
          G G   G     G G   G
To make records with a mobile
G   G F           G
        We didn't have much time

G G     G               G G   G
   Frank Zappa and the Mothers
      G     G F     G
Were at the best place around
G G         G             G G   G
   But some stupid with a flare gun
G         G     F     G
Burned the place to the ground
```

Chorus:

        C   **G#**   **G** / / / / / / / // // // //
        Smoke on the water, and fire in the sky
        C   **G#**   **G** *Riff ------------*
        Smoke on the water,

G G   **G**   **G G**   **G**
  They burned down the gambling house
  G   **G**   **F F** **G**
It died with an awful sound
G G   **G**   **G G**   **G**
But Funky Claude was running in and out
G G   **F F**   **G**
       pulling kids out the ground

G G   **G**   **G G**   **G**
  When it all was over
   G   **G**   **F F** **G**
We had to find another place
G G   **G**   **G G**   **G**
But Swiss time was running out
  G   **G**   **F F** **G**
It seemed to be a losing race

        C   **G#**   **G** / / / / / / / // // // //
        Smoke on the water, and fire in the sky
        C   **G#**   **G** *Riff ------------*
        Smoke on the water,

Riff x 4 to end (bass stays on G)
